WARRANTY CONTRACT

1. **WARRANTY.** The developer/subdivider hereby warrants materials and workmanship for a period of one year following the dedication of all street (public way) related improvements to the county, and will cause the contractor to provide the same warranty to the county. This warranty includes all streets and related improvements situated within such rights-of-way located within the VINEYARD ESTATES Subdivision, (Phase 1) as shown on the attached plat. This warranty includes any defects to any material installed and includes any actions performed on the job which would cause the construction and installation of required improvements to no longer meet the specifications under which the streets, curbs, shoulders, and other drainage improvements located within the right(s)-of-way of such street(s) were originally installed.
2. **INSPECTION OF IMPROVEMENTS.** It shall be the responsibility of the county engineer to make a final inspection of all public way improvements no less than forty-five days before the expiration date of this warranty contract. If all required improvements are determined to be in satisfactory condition, the county engineer shall notify the planning commission thereof in writing. On relating these findings to the planning commission, the planning commission shall recommend acceptance of such improvements to the Putnam County Board of Commissioners, which when officially ratified will terminate any further responsibility of the developer/subdivider with regard to the subdivision or the particular phase of the subdivision in question. If on the other hand, there remain deficiencies and/or defects in regard to all required improvements within the street right(s)-of-way, it shall be the responsibility of the county engineer to notify the county attorney or designated representative to send a notice to the developer/subdivider, in order that all remaining defects or deficiencies be rectified prior to the expiration of this warranty contract. It shall be the responsibility of the county engineer to make a follow-up site inspection prior to the expiration of the warranty contract in order to determine if all deficiencies have been addressed, and report back to the planning commission in writing prior to its next regular monthly meeting, as to the disposition of all necessary public way improvements. If the county engineer determines that deficiencies or defects have not been corrected, he or a designated representative shall contact the county attorney in order that the necessary legal action be initiated in this regard.
3. **EFFECTIVE AND EXPIRATION DATES.** For the purposes of this warranty contract, the effective date of execution is August 3, 2010. Accordingly, the expiration date thereof shall be one year following the effective date or August 3, 2011.
4. **INDEMNITY.** The developer/subdivider shall indemnify and hold the county harmless from all loss, costs, expenses, liability, money damages, penalties or claims arising out of any work covered by this agreement, including any attorney fees incurred in connection herewith. Inspection of the improvements by the county engineer shall not constitute a waiver by the county of any defect or of any of the developer's/subdivider's obligations hereunder. The developer/subdivider will pay any such costs within ten (10) days of receipt of notice of such costs given by the county to the developer/subdivider.
5. **REMEDIES.** In the event of a default in the performance by either party of its obligation hereunder, the other party, in addition to any and all remedies set forth herein, shall be entitled to all remedies provided by law or in equity, including the remedy of specific performance or injunction.
6. **BINDING EFFECT.** The covenants and agreements herein contained shall bind and endure to the benefit of the parties hereto, their respective heirs, personal representatives, successors and assigns, as appropriate.

7. **ATTORNEY'S FEES AND OTHER COSTS.** The developer/subdivider shall pay all costs and expenses, including the county's attorney fees, of any legal proceedings brought by the county against the developer/subdivider seeking remedies for the developer's/subdivider's failure to perform any of his or her obligations hereunder, whether or not any proceedings are prosecuted to judgement.
8. **ENTIRE AGREEMENT.** This agreement contains the entire agreement between the parties and there are no collateral understandings or agreements between them, and no variations or alterations of the terms of this agreement. This agreement shall be binding upon either of the parties, unless the same be reduced to writing and made an amendment to this agreement.
9. **HEADINGS.** Paragraph titles and headings contained herein are inserted for convenience only and shall not be deemed a part of the agreement, and in no way shall define, limit, extend, or describe the scope or intent of any provision hereof.
10. **NOTICES.** Any notice or other communication required to be given hereunder shall be in writing and delivered personally or sent by United States Certified Mail, return receipt requested, or sent by Federal Express Delivery Service, addressed to the county at _____, and addressed to the developer/subdivider at the address set forth in the Addendum, or such other address as either party may hereafter give the other.

The City of Cookeville has been allocated approximately 1.9 million they plan to spend on Lee Seminary Road improvements. Part of Lee Seminary is in the county, so in order for them to be able to use the funds on the county part of the road, we have to have an interlocal agreement with City of Cookeville, Putnam County and TDOT. The agreement is not drafted yet but action needs to be taken before September 1st.

Motion: Recommends to authorize the County Executive to enter into a interlocal agreement with the City of Cookeville and TDOT after review by the County Attorney.
